

Choice of school before year 7

Usually, the schools welcome both pupils in year 6 and their guardians to information meetings prior to year 7. In the current pandemic, the schools do not have the possibility of inviting guardians to information meetings due to recommendations from the Infectious Disease Prevention Services of Dalarna. The schools will instead provide clear information on falun.se with contact information to head teachers and assistant head teachers whom you are welcome to contact if you have any questions. A brochure with information on the schools will be included in the send-out.

School placement year 7

If you have your current school placement at Britsarvsskolan, Hälsingårdsskolan, Montessoriskolan or Svärdsjöskolan, you are guaranteed a place in year 7 at your current school and do not need to submit an application.

Other pupils will receive a school placement according to the table below and based on our procedure and priority order for school placement without an application being submitted.

Application

If you want a different school placement than according to the table below, you must complete an application. This also applies to you if you have a school placement at an independent school or have a school placement in a municipality other than Falun and want a place in a municipal school in year 7. You indicate a first, second and

third choice on the application. The form is available at: falun.se

– Utbildning & barnomsorg - Grundskola – Val av kommunal skola inför årskurs 7 [Education & childcare – Compulsory school – Choice of municipal school prior to year 7].

The application must be received by the Childcare and Education Department of Falun Municipality **no later than 1 February**. Send your application in on time so that we receive it before the deadline. We are not responsible for postal services taking longer than expected.

Procedure and priority order for handling of school placement in the event of maximum capacity being reached:

1. Pupils who organisationally belong to the secondary school based on current school placement (See table below)
 2. Pupils who are officially registered in Falun Municipality
 3. Other pupils
- If there are equivalent conditions between pupils, a lottery shall decide.

Confirmation that your application has been received

You receive confirmation by email that your application has been received on condition that you entered your email address in the application.

Notice of school placement

No later than 1 March, you will receive a notice of the school placement by letter to the child's officially registered address.

Gustaf Malmberg

Director of Operations for Compulsory and Special Needs Schools

Organisational division
