Dear FIS Friends,

The Swedish Olympic Committee would like to express its sincere support to the Swedish Ski Association and the Municipality of Falun regarding their application to host the FIS Nordic World Ski Championships in 2027.

There is a wish to always be in the forefront when it comes to developing winter sports and to carry through sport events. If Falun would be elected to host the Championships, it would be done with great enthusiasm and pride and it would be a good concept for all participants.
