

LANDSHÖVDINGEN
DALARNAS LÄN

July 7, 2021

GOVERNOR
COUNTY ADMINISTRATION
OF DALARNA

With this I confirm my full support to the Swedish Ski Association when announcing their candidacy for hosting the FIS Nordic World Ski Championships in Falun, Dalarna.

Dalarna and Falun successfully hosted the corresponding event in 2015. I am convinced that our knowledge and experience from that arrangement will guarantee an equally well-organized World Championship in 2027. Dalarna's reputation as a center for cross-country skiing has grown even more during the recent years. This will most certainly provide a solid ground for promotion, realization, and performance of this great sports event.

With this I welcome you all on behalf of the county of Dalarna and Falun.

Yours sincerely

Ylva Thörn
Governor
